

EU Declaration of Conformity and Risk Assessment – Clips

Product Description

WKK's clips are made of robust plastic or metal and are designed for the secure fixing and organization of cables and wires in industrial applications. They are available in various sizes and allow easy installation.

Limits of Use

The clips are intended solely for bundling and securing cables and wires. They must not be used for load-bearing or safety-critical applications where failure could result in injury or property damage.

Hazard Analysis

1. **Mechanical Hazards:** Risk of injury from sharp edges during handling.
2. **Installation Hazards:** Risk of improper fixing causing mechanical failure.
3. **Environmental Hazards:** Risk of material degradation under UV exposure or extreme temperatures.

Risk Assessment

- Mechanical risks are low with proper handling.
- Installation risks are low with correct usage.
- Environmental risks are minimal with suitable material selection.

Risk Mitigation

1. **Correct Usage:** Use clips only within material limits and application specifications.
2. **Appropriate Tools:** Use proper installation tools to prevent damage.
3. **Material Selection:** Select UV-resistant materials for outdoor use.

Warnings and Instructions for Use

- Install clips according to the manufacturer's instructions.
- Not suitable for human load-bearing applications.

Declaration of Conformity

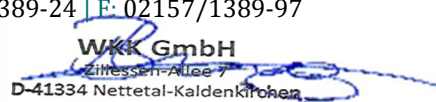

WKK GmbH hereby confirms that the clips comply with all applicable European standards and directives.
