Declaration of LABS Compliance of our Cable Ties

Dear Sir or Madam,

WKK GmbH confirms that all cable ties distributed by our company, with the exception of the TEFZEL product series, comply with the requirements for LABS conformity. Our standard cable ties do not contain substances that impair paint wetting or fail PWIS related criteria. They are therefore suitable for use in environments where LABS free materials are required.

The TEFZEL series, due to its specific fluoropolymer construction, is not fully LABS compliant. All other cable ties in our portfolio are considered LABS compliant and meet the technical requirements common in paint related process environments.

If you have any questions, please feel free to contact us.
